ENGLISH VERSION

**Aerospace series — Screws, pan head, offset cruciform recess, coarse tolerance normal shank, short thread, in alloy steel, cadmium plated —
Classification: 900 MPa (at ambient temperature)/235 °C**

**Luft- und Raumfahrt —
Flachkopfschrauben mit
Flügelkreuzschlitz, kurzes Gewinde,
aus legiertem Stahl, verkadmet —
Klasse: 900 MPa (bei
Raumtemperatur)/235 °C**

**Série aérospatiale — Vis à tête
cylindrique, à empreinte cruciforme
déportée, tige normale à tolérance
large, filetage court, en acier allié,
cadmiées — Classification : 900 MPa
(à température ambiante)/235 °C**

This "Aerospace Series" Prestandard has been drawn up under the responsibility of ASD-STAN (The AeroSpace and Defence Industries Association of Europe - Standardization). It is published for the needs of the European Aerospace Industry. It has been technically approved by the experts of the concerned Domain following member comments.

Subsequent to the publication of this Prestandard, the technical content shall not be changed to an extent that interchangeability is affected, physically or functionally, without re-identification of the standard.

After examination and review by users and formal agreement of ASD-STAN, the ASD-STAN prEN will be submitted as a draft European Standard (prEN) to CEN (European Committee for Standardization) for formal vote and transformation to full European Standard (EN).

The CEN national members have then to implement the EN at national level by giving the EN the status of a national standard and by withdrawing any national standards conflicting with the EN.

ASD-STAN Technical Committee approves that: "This document is published by ASD-STAN for the needs of the European Aerospace Industry. The use of this standard is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

ASD-STAN reviews each standard and technical report at least every five years at which time it may be revised, reaffirmed, stabilized or cancelled. ASD-STAN invites you to send your written comments or any suggestions that may arise.
