ENGLISH VERSION

Aerospace series Standardized passenger seat weight information

**Série aérospatiale
Définition standardisée du poids
d'un siège passager**

**Luft- und Raumfahrt
Standardisierte Sitzgewichtsangaben
für Passagiersitze**

This "Aerospace Series" Prestandard has been drawn up under the responsibility of ASD-STAN (The AeroSpace and Defence Industries Association of Europe - Standardization). It is published for the needs of the European Aerospace Industry. It has been technically approved by the experts of the concerned Domain following member comments.

Subsequent to the publication of this Prestandard, the technical content shall not be changed to an extent that interchangeability is affected, physically or functionally, without re-identification of the standard.

After examination and review by users and formal agreement of ASD-STAN, it will be submitted as a draft European Standard (prEN) to CEN (European Committee for Standardization) for formal vote and transformation to full European Standard (EN).

The CEN national members have then to implement the EN at national level by giving the EN the status of a national standard and by withdrawing any national standards conflicting with the EN.

Edition approved for publication

1st December 2015

Comments should be sent within six months
