

ASD-STAN STANDARD NORME ASD-STAN ASD-STAN NORM		ASD-STAN prEN 7010 Edition P1 September 2018	
		PUBLISHED BY THE AEROSPACE AND DEFENCE INDUSTRIES ASSOCIATION OF EUROPE — STANDARDIZATION Rue Montoyer 10 — 1000 Brussels — Tel. + 32 2 775 8126 — Fax. + 32 2 775 8131 — www.asd-stan.org	
ICS:			
Descriptors: Aircraft industry, aircraft equipment, bolt, threaded fasteners, specification, characteristic, material, surface treatment.			
ENGLISH VERSION			
Aerospace series — Configuration master — Definition and designation of external threaded fastener product standards			
Luft- und Raumfahrt — Konfiguration — Definition und Bezeichnung von Verbindungselementen mit Außengewinde		Série aérospatiale — Configuration — Définition et désignation des produits standards des fixations à filetage externe	
<p><i>This "Aerospace Series" Prestandard has been drawn up under the responsibility of ASD-STAN (The AeroSpace and Defence Industries Association of Europe — Standardization). It is published for the needs of the European Aerospace Industry. It has been technically approved by the experts of the concerned Domain following member comments.</i></p> <p><i>Subsequent to the publication of this Prestandard, the technical content shall not be changed to an extent that interchangeability is affected, physically or functionally, without re-identification of the standard.</i></p> <p><i>After examination and review by users and formal agreement of ASD-STAN, the ASD-STAN prEN will be submitted as a draft European Standard (prEN) to CEN (European Committee for Standardization) for formal vote and transformation to full European Standard (EN).</i></p> <p><i>The CEN national members have then to implement the EN at national level by giving the EN the status of a national standard and by withdrawing any national standards conflicting with the EN.</i></p> <p><i>ASD-STAN Technical Committee approves that: "This document is published by ASD-STAN for the needs of the European Aerospace Industry. The use of this standard is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."</i></p> <p><i>ASD-STAN reviews each standard and technical report at least every five years at which time it may be revised, reaffirmed, stabilized or cancelled. ASD-STAN invites you to send your written comments or any suggestions that may arise.</i></p> <p><i>All rights reserved. No parts of this publication may be reproduced, stored in a retrieval system or transmitted, in any form or by any means, electronic, mechanical, photocopying, recording, or otherwise, without prior written permission of ASD-STAN.</i></p> <p>Order details: E-mail: sales@asd-stan.org Web address: http://www.asd-stan.org/</p>

	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms and definitions	10
3.1 Configuration of countersunk head styles	11
3.2 Tolerance of the shank.....	11
3.3 Strength class.....	12
4 Designation.....	13
4.1 EN standard identity block codification.....	13
4.2 Definition of product standard title	13
5 Requirements	15
5.1 Tolerances of form and position.....	15
5.2 Material.....	15
5.3 Surface treatment and lubricant	21
5.4 Mass.....	24
5.5 Type of shank.....	24
5.6 Type of head.....	25
5.7 Type of thread and options.....	28
5.8 Diameter and length code	28
5.8.1 Metric system	29
5.8.2 Imperial system	31
5.9 Marking.....	33
5.9.1 Procedure.....	34
5.9.2 Legibility.....	34
5.9.3 Position / orientation.....	34
5.10 Statistical Process Control	35
6 Technical specification and qualification.....	35
Bibliography	36
Annex A (informative) Link between standards and technical specifications.....	37
